We've Got Your Best Shot '91'

Photographs
are like tiny
pieces of
history
which act as
visual
memories
capturing all
of
life's
greatest
moments

Classrooms are not always business as usual as seen with Matthew Muldoon and Nikki Sylvia (above) and Lance Wedge and Tony Varela (below).

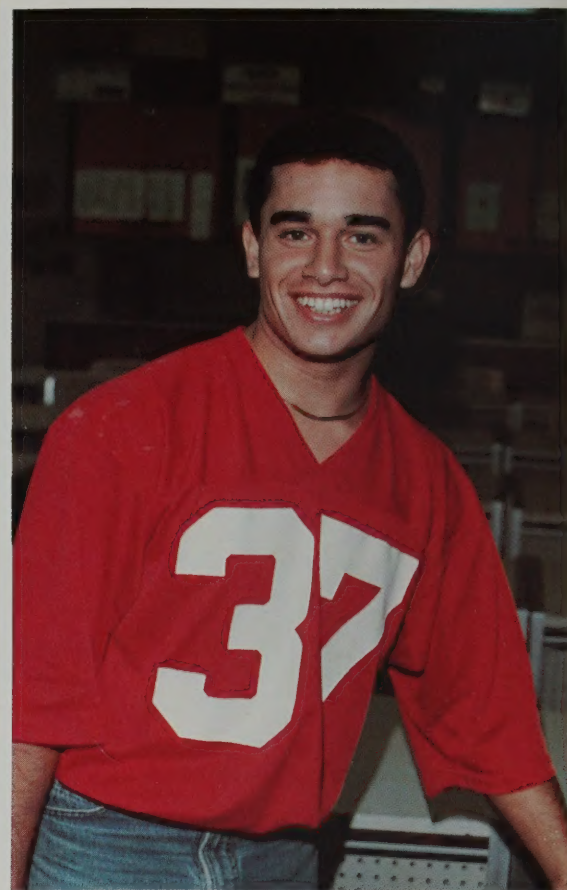

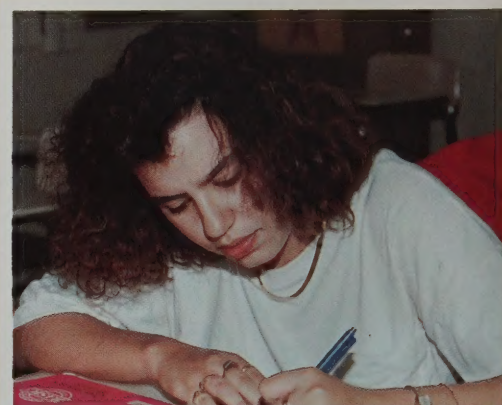

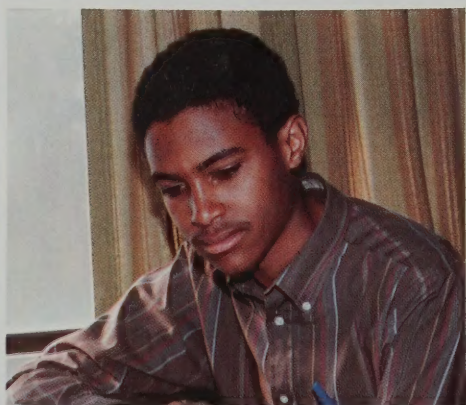

The smiles of Donna Carvalho, Kelly Richards and Lynn Wilkinson (below) would make one believe that high school isn't just for learning, but for socializing with friends too.

Pictures recall
the
special friends
and
best times
shared.

Photographers
are artists
who paint our emotions onto film:

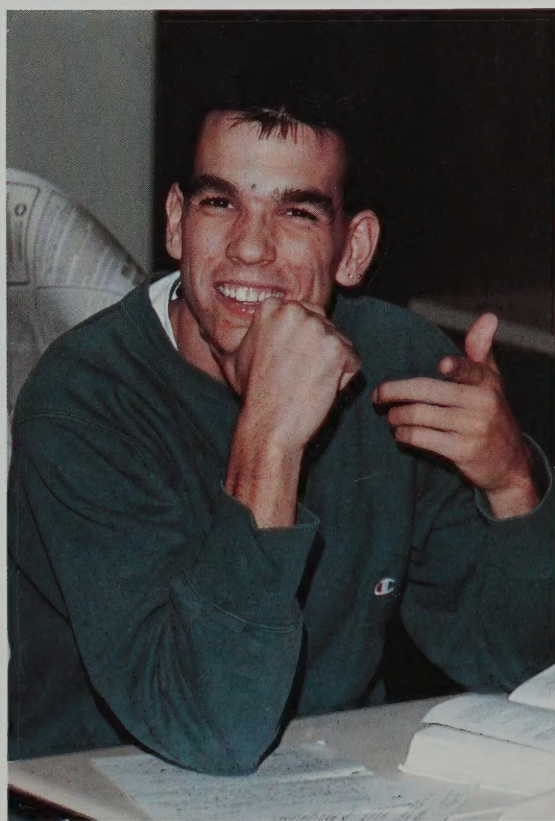

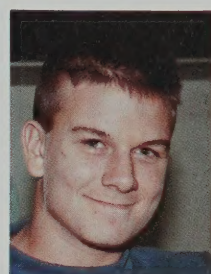

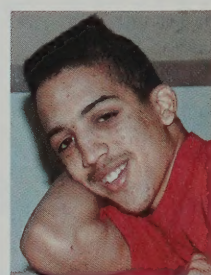

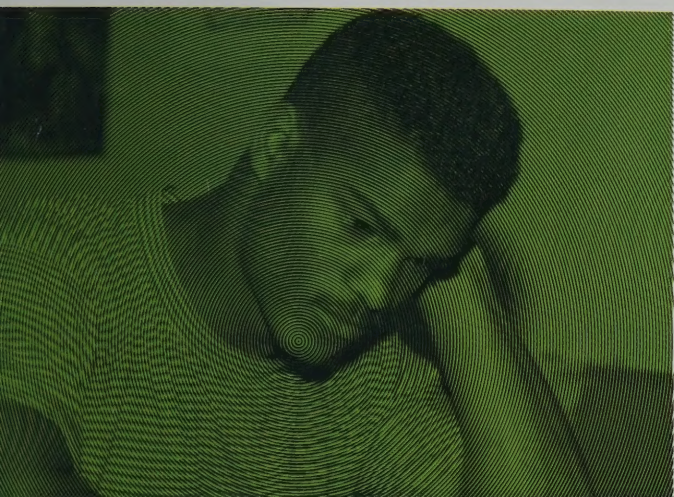

happiness or
sadness,
determination
or confusion

Continued determination and hard work will hand Laura Soares (Left) that long-awaited diploma in June.

The sometimes rigorous school day has a very different effect on both Gentry Andrews (Left) and J. J. Wedge (Above).

Photographs
seize the
beginnings of
friendships
born in
high school
and which
will last a lifetime

They trigger thoughts
of earlier times when memories dim.

They capture a nostalgic

look at
what used
to be—
making
concrete
images
to show
future
generations

the fun we had when we were

young and carefree.

Photographs are treasured
when memories fade from
vivid images to blurs —

Class of 1991

Ending Junior Year — Starting *SENIOR* Year!

May 25th, 1990 marked the unofficial end of our junior year and the beginning of our senior year. As the whale was turned over from outgoing president, Tony Carreiro to then president, Dana Farland, the crowd cheered. Dancing and skits filled the evening.

(Above) Sherri presented the "Spirit Award" to the Green House while Eileen and Marlene share a laugh along with Amy and Jen.
(Below) Dana accepts the senior whale for the class of '91 as Candice, Stephanie, Chrystal and Nealy all pose for the camera to show off their winning smiles.

(Above) Peter Pelletier dances up a storm while friends gathered around the tables for quick snapshots to capture the night's memories. (Below) Melanie, Wendy and Stacy try for an unusual look for Nelson's camera.

Kathryn Larkin (Below) brought on the acts for the night which showed much preparation and creativity.

Seniors (Above) really get crazy while Tony and Adda (Right) settle down for a quick snapshot.

(Left) Kathy, Titi, Ericka and Lillian use every bit of energy dancing while (Below) Eric, George, Aaron, Kenny, Jen and Amy wait for dinner to be served.

Melissa, Sherry, Cory and Crystal (left) capture on film the fun and laughter of the evening which could be felt by everyone at the banquet.

"I was worried that the school system would suffer."

—Lisa Borges

"There was the possibility that MSU would shut down which would lessen my chances of attending."

— Christina Goncalves

What worried you most about the passing of Question 3?

"The fiscal crisis that it would cause in Massachusetts and its schools."
—Russell Moniz

"I was worried that education would suffer."
—Tony Maciel

"I thought it was senseless, and I voted no when I went to vote."
—Dave Saulnier

Why did you become involved in the problem of Question 3?

"We wanted students to show their opinions toward the question."

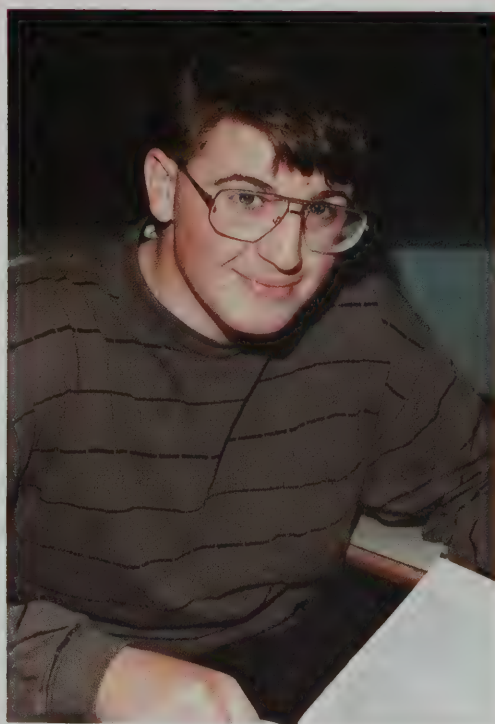

— Sheri Gentili

"We wanted the students to voice their opinions on the issue in a positive way."

—Deana Pragana

Students of NBHS made their voices heard through t-shirts, buttons, and two auditorium assemblies which drew the attention of the public.

What is your feeling regarding censorship?

"Only when young children are exposed to extreme vulgarity or pornography, but not in record stores or cable."

—Justine Sweeney

"Only in terms of vulgarity or pornography."

—William Morelli

Q: What are your views toward hunting?"

"Hunting should be brought down to a minimum."

—Eric Vargo

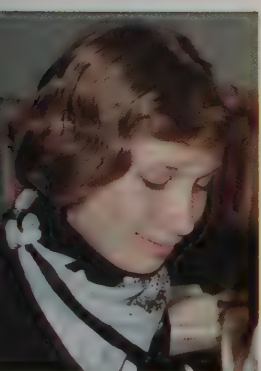

"Hunting is childish."

—Scott Carola

"Put yourself in the animal's shoes!"

—Becky DesRoches

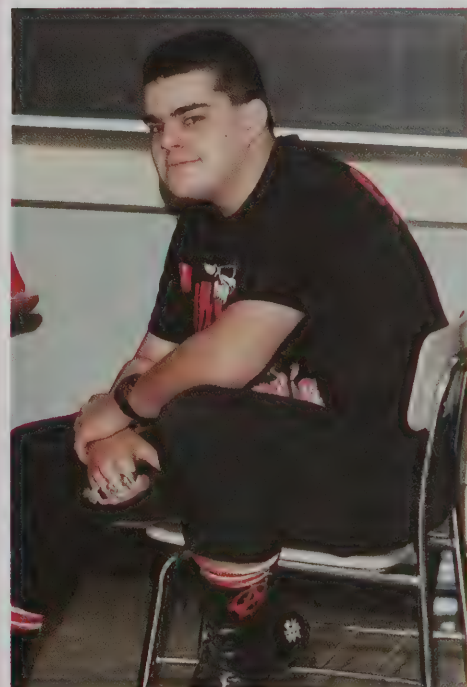

"Some use of animals I feel is O.K."

—Tabitha Lowe

"The real beauty of an animal shows itself in its environment, *not* on your back!"

—Amy Gordon

***Animal Survival
vs. Man's Pleasures***

What is your feeling
for the future of the
world?

"We are headed for destruc-
tion."
—Rachel Koroski

"It is too late to save the world."
—Keisha Gray

"An opportunity to improve con-
ditions exists."
—Stephanie Tremblay

"The world can still be saved."
— Davana Rose

Does your religion/church play an
important role in your daily life?

Q:

A: "Yes, very much so."
—Corissa Hole

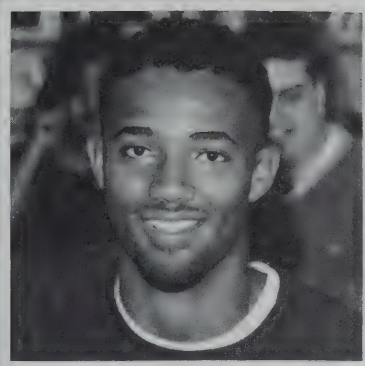

Students in senior lounge satisfy
the growling of their stomachs.

Stricter immigration laws."
—Jason Carroll

"The elimination of drugs."
—Fred Lopes

"Kill all crooks."
—Joe Kaufman

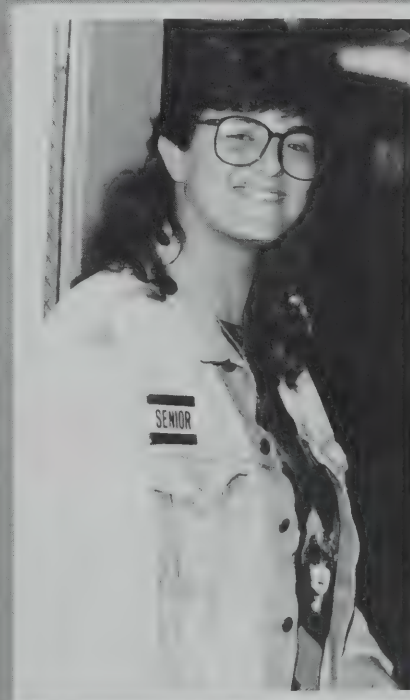

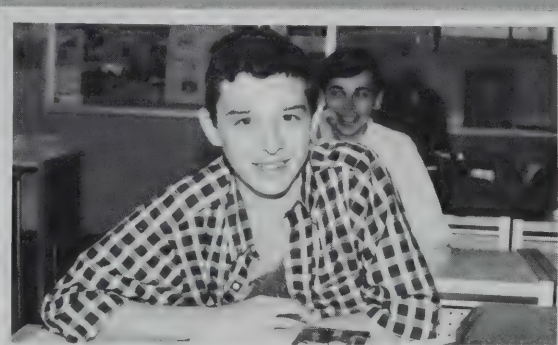

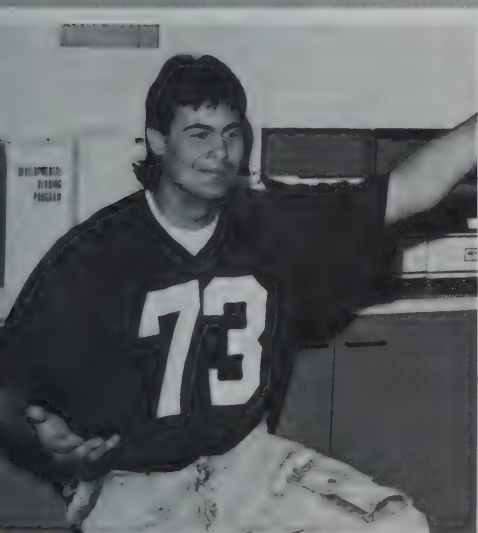

What is the best answer to curbing today's violence?

What are parents' greatest mistakes in dealing with their children?

"The failure to listen to them."
—Don Viera

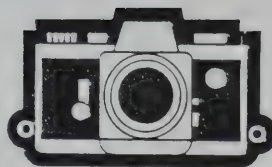

What attracts you most to a person?

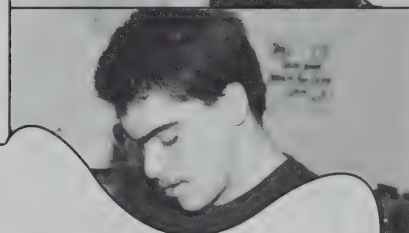

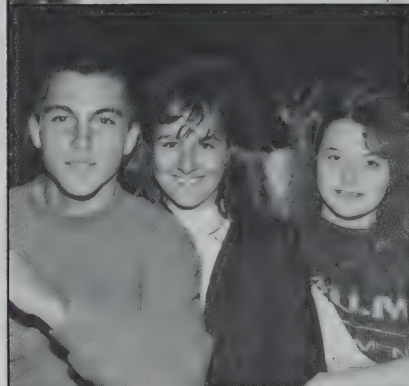

"The physical look."
—Wayne Robertson

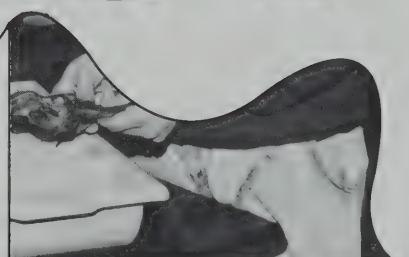

Matt and Wayne, horsing around, show what great friends they are.

We've finally made it! We managed to hang in there through good times and bad. The struggling that we went through to reach this goal now all seems worth it. Our faces adorn these pages with pride and a sense of accomplishment, for the Class of '91 met adversity with determination and won. We will never be forgotten!

Going Beyond the Classroom . . .

The Chart program at NBHS has been designed to service students whose educational needs might not be met through the mainstreamed curriculum. Pupils enrolled are provided with classes addressing daily living skills, vocational training, functional academics, language therapy and reading. In addition, adaptive physical therapy and music are also available as well as appropriate mainstreamed classes. Emphasis however is placed on assisting each student in achieving the highest level of independence possible.

Since carryover to the community is also a priority, regularly scheduled excursions to various sites within the community have been incorporated into the educational plans.

It is through this very individualized approach that we prepare each student to reach his maximum potential in preparation for graduation.

Claudia has made many good friends in America. Among them is Christy Breault, with whom she enjoys Spirit Week activities.

Claudia seems to know all the right answers as she glances over her assignment for this period.

Vernon Nunes hopes to finish the assignment on time.

Deb Leandre earned herself a free yearbook by showing a determined and positive attitude.

Reaching Across the Sea

This year, the Class of 1991 had the chance to meet an exchange student and at the same time make a new friend. Claudia Mueller was our "gift from Germany."

Often, when we think of Germany, we automatically associate it with the tyrannical dictator Adolf Hitler and his Nazi Party. Claudia wants to let people know that Germany's troubles are in the past, and the people of Germany are coming together stronger than ever. With the recent reunification of East and West Germany, the opportunities for the German society are significantly greater, Claudia says.

Claudia also states that here in the U.S., there seems to be an emphasis on social activities in our schools. Here, clubs and sports are very much a part of student life, mainly because these activities offer an opportunity to make new friends and spend time with people who have similar interests. Back in Germany, a student's life is more regulated, and the emphasis is on academic performance, Claudia added.

Claudia admits that it is difficult sometimes to be away from her family and friends back in Germany, but she also thinks that the tremendous learning experience of the exchange compensates for her homesickness. Of course, the fact that Claudia is very friendly and willing to meet new people is the main reason that she is able to "fit in" so well. When asked if she would go through another exchange process if given the opportunity, she responded with a definite "yes".

Claudia was asked to describe her experience here in one word. After thinking for a moment, she smiled and said "Fun!" Though she'll miss the friends she's made here, she will never forget the laughs shared, and she will treasure the warmth of the Class of 1991 forever. Well, Claudia, we also had fun getting to know you, and when we lose you to your homeland, you will be sorely missed.

Claudia, Best of luck and farewell from the Class of 1991.

Members of the student exchange program are pictured with Claudia during a cook-out.

(R) Michelle, Casey, Jessica and Shannon discuss some of the concepts introduced during the parenting session.

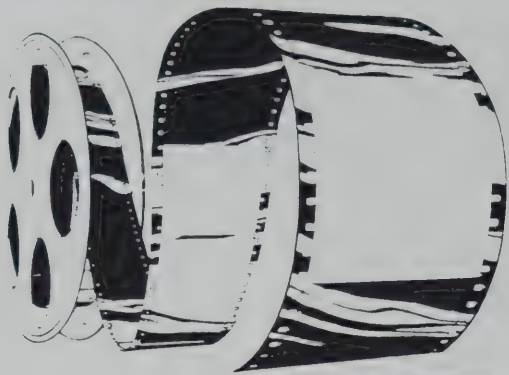

Stretching Across the City

NBHS is a large physical complex. However, all its students do not fit neatly packaged within its walls. The Class of '91 reaches from here to as far as Fort Rodman where seniors take part in the Alternative High School program. Students there are required to complete their necessary credits under supervision on a more one-to-one basis.

In the center of the city, located at "the old high school" another innovative program takes place each day. It is the Parenting Teen Program. Here the girls attend regular classes in the mornings and receive special parenting information in the afternoon sessions. They are given peer counseling, medical advice for child care and talks from guest speakers on a myriad of topics.

In both programs, these seniors have full access to the activities open to members of their class located on Hathaway Blvd.

Seniors Spotlight the Issues

DEFINITION OF SUCCESS

Some seniors show that they can have just as much fun in the classroom (below) as in senior lounge (above).

Q: How would you define success?

A: "I would define success by the amount of money and happiness that an individual has."

— Caroline Crapo

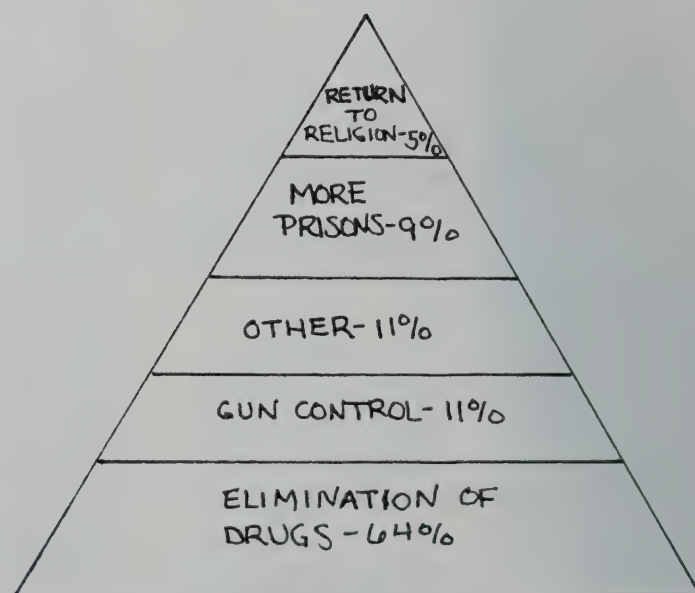

Q: What is the best answer to curbing today's violence?

A: "All of these steps (survey list) are needed to curb the violence in today's society."

— Raegen Gomes

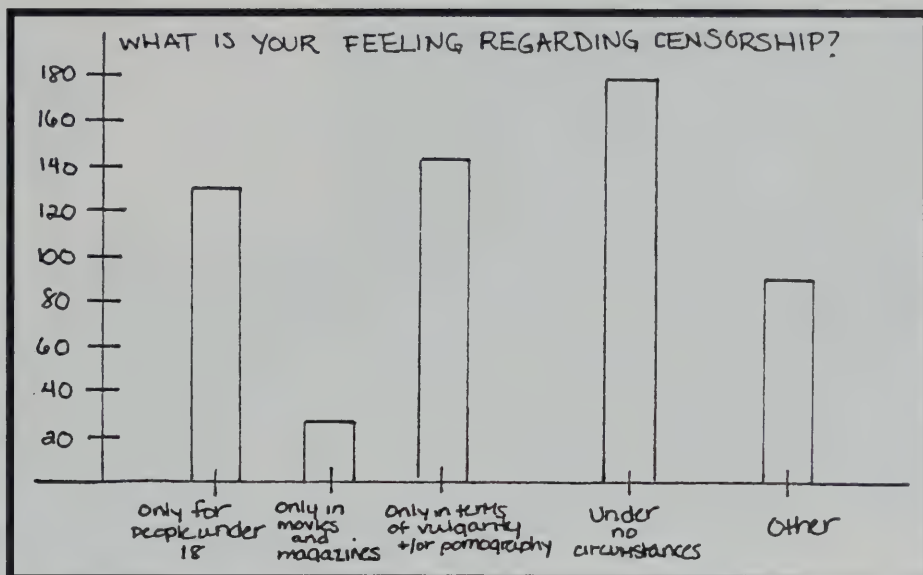

CURBING VIOLENCE

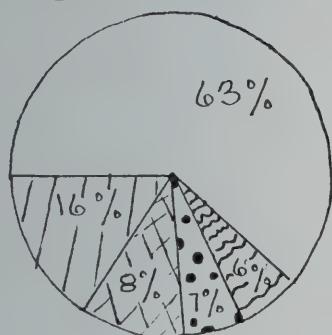

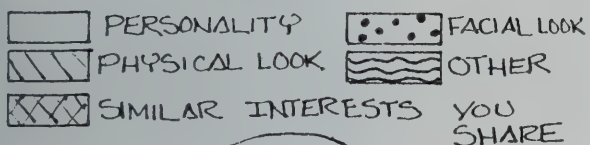

"Censorship should apply to children who are too immature to make up their own minds about it."

—Stacey Carvalho

AREAS OF

ATTRACTION

What attracts you the most to a person?

"The combination of all of these qualities (see survey) attracts me to a person."

—Elizabeth Roncka

What attracts you the most to a person?

"A combination (personality, looks, interests, other) of everything."

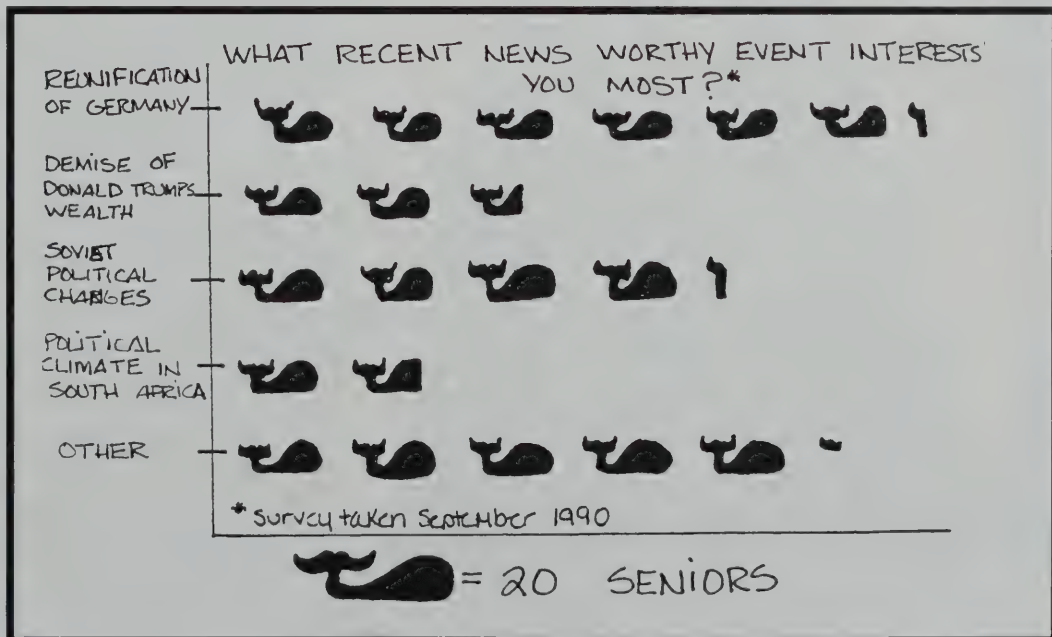

—Anthony Maciel

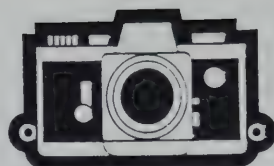

Which news event of 1991 interested you the most?

"Affairs in the Middle East!"

—Nicole Marshall

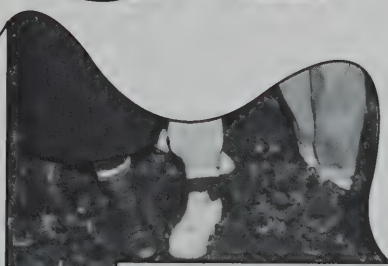

The clubs and activities of New Bedford High offer something for everyone. We pride ourselves on the many different activities with which students may get involved. These after school organizations helped individuals to meet new people who sometimes shared the same interest and other times opened new worlds of experience. All this helped show that there was more to school than academics.

CLUBS AND ACTIVITIES

'91 Steering Toward Success

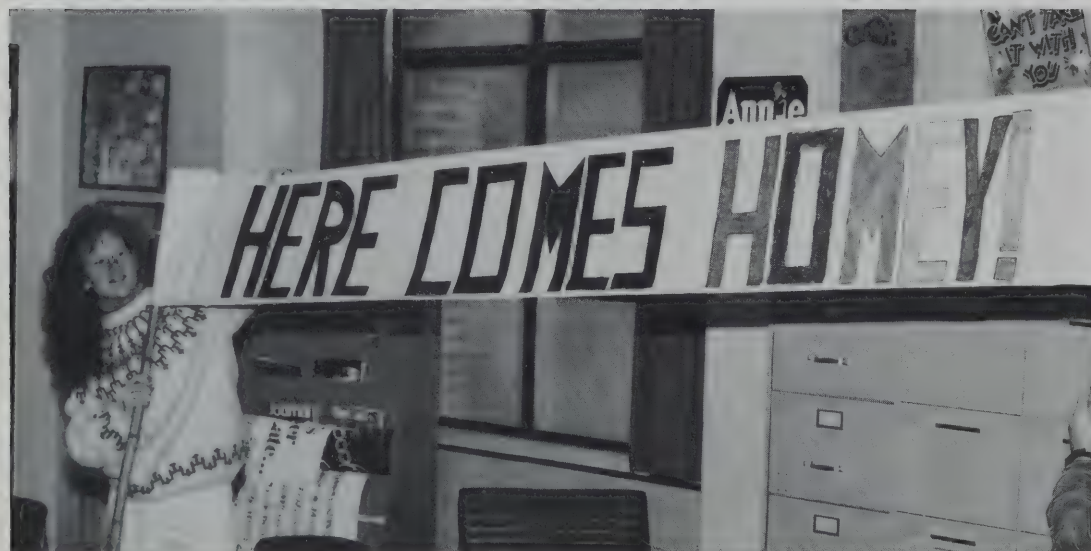

SENIOR STEERING COMMITTEE: (Back, L-R): L. Wilkinson, C. Breault, G. Wilcox, P. Pelletier, J. Baylies, C. Gonsalves, L. Roncka, R. Moniz (Front) Mr. Costa, M. Guay, R. DesRoches, G. Benevides, M. Pacheco, C. Steliga, K. Dussault, A. De Almeida, O. Spencer, Mrs. Bolton

Throughout the school year of 1990-91, many efforts were made to plan activities that would be special to all.

The senior class officers: president, Ramon Silva; vice-president, Melissa Gilbert and secretary, Kelly Richards put their efforts into planning a successful senior banquet, working on the senior mascot and working on the senior float. The senior steering committee worked along with the class officers and played a special part in making the senior class aware of upcoming events, as well as collecting the numerous monies during a very expensive senior year.

Being involved with the many senior activities took the time and commitment of many people, but together their efforts paid off, and the senior year was made a year that will never be forgotten.

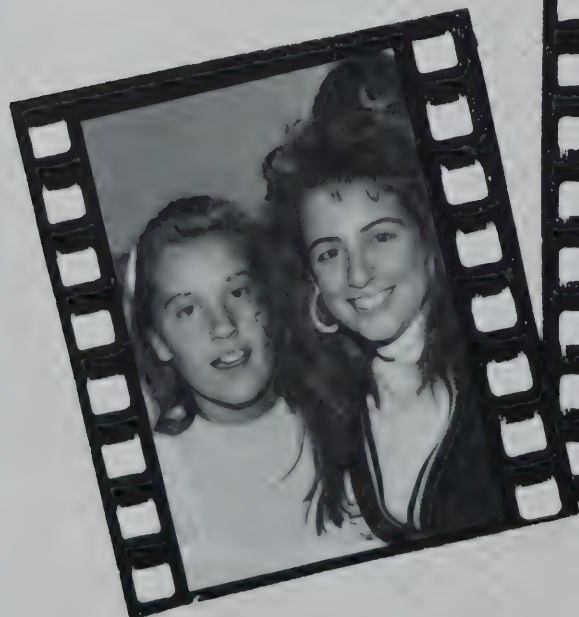

— Melissa Gilbert

(Above: Kelly made a banner to introduce our class mascot, while Tony (right) was happy to hear the steering committee meeting was cancelled.

(Below) **SENIOR CLASS OFFICERS:** (L-R) Melissa Gilbert, vice president; Kelly Richards, secretary; Ramon Silva, president

Q: What is the most rewarding part of being involved with the senior steering committee?

A: "Being able to have a say about what goes on in class events."

— Michelle Pacheco

A: "Being able to help make decisions that have to do with senior activities."

— Lynn Wilkinson

JUNIOR STEERING COMMITTEE: ADVISORS: MS. D. DEAN and MR. J. RAPOSO

Members of the Junior Class (Below) are happy to find out that they've won the Dean's Trophy for their float; while (Right) the Sophomore Class float won the Headmaster's Trophy and (Bottom-Right) members of the Freshman Class march along with their float that won the Judges' Trophy

MINORITY AWARENESS

The Minority Awareness Club is comprised of a group of individuals with Third World backgrounds. In this club, the students learn about the many different cultures to be found in the high school. Throughout the year, they came together to share their own common interests; and by doing so, they showed those nonmembers what Minority Awareness is all about.

President of the club, Melissa Gilbert (left), proudly received the Mayor's Trophy on behalf of the club. (above) Members of the club showed the crowds that they had won first place in the Spirit Week parade while (top, right) Mrs. Purcell was happy to drive the winning float, while her daughter (right) walked proudly with the banner.

HANDICAP AWARENESS

The Handicap Awareness Club consists of members of our high school family who have an interest in becoming more actively involved in extra-curricular activities in spite of any handicaps; as well as those interested in learning more about the world of the handicap.

(Front, L-R): P. Oliver, F. Rua, (Middle) J. Butler, B. Hill, M. Amaral, D. DeBlois, J. Smith, L. Costa, E. Rei (Back) J. Foster, S. Chase, J. Bolton

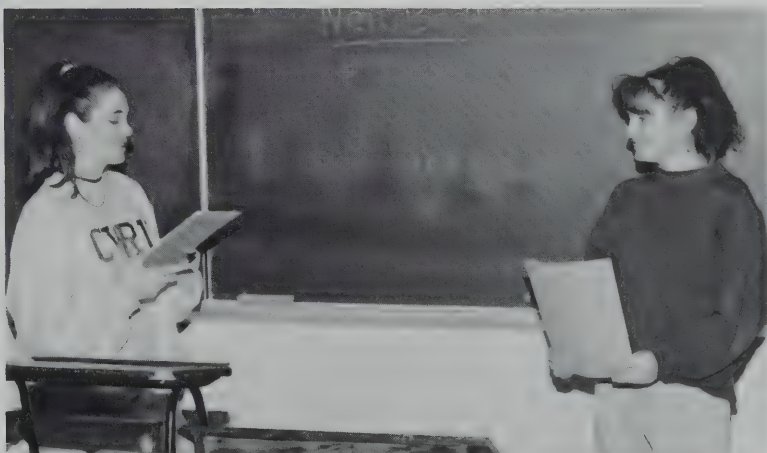

DEBATE TEAM

(Front, L- R): N. Pedrosa, L. Santos, J. LeBlanc, S. Castro, S. Patch, (Back) A. Diggle, C. Wood, S. Castro, N Goldstein, J. Carreiro, L. Lussier, M. Araujo, Mr. Foster.

The Debate Team is made up of a group of talented individuals who discuss topics which interest many high school students. The members debate these issues with teams of other high schools in the Massachusetts area. This year's topic was whether or not the Federal government should significantly increase space explorations beyond the earth's mesosphere. This club gives students a chance to utilize their vocal skills and strategic tactics in competition while proudly representing New Bedford High School.

(Far left) Mr. Foster aids Nancy in understanding her topic. (left) Sienna and Laurie are in early stages of preparation for a debate while Shelley and Jessica (bottom) vocally assemble their strategies.

S.A.D.D.

Members of S.A.D.D. are those students in our N.B.H.S. family who are deeply concerned about the issue of drunk driving. They meet together with Mr. Couto to discuss ways in which they can take preventive measures and inform others about the risks of driving while under the influence of alcohol. One of the ways they chose to get their message across to fellow students this year was to host an assembly which successfully made a significant impact on many individuals.

SHARING IS CARING

Which charitable act gave you the most satisfaction? Why?

"The fundraising for the Chart program's Christmas party, I found charitable."

— Stacey Paradis

In what ways have being in the Science Club helped you as a student?

"Being in the Science Club has helped me acquire a greater interest and enjoyment in the field of science."

— Bucky Breau

The Key Club is made up of a team of helpful, giving students who give of themselves to others in need. This group is advised by the dedicated, well respected Alfred Alves. This club is sponsored by the New Bedford Kiwanis Association and has been active in N.B.H.S. for many years. The clubbers get together every year and on almost every holiday and visit patients at St. Luke's Hospital. They drop by the geriatrics ward, giving patients gifts to uplift their hopes and spirits. This

year the club participated in a twelve mile walk-a-thon. The money that was raised by this fund was given to the Kiwanis Pediatrics Trauma Institute. In addition to this, throughout the year this group has been helping the N.B.H.S. Chart program, raising money for their Christmas party and their end of the year picnic. The Key Club has undoubtedly kept their goals in focus, and have accomplished much during this year.

SCIENCE CLUB

Advisor: Ms. B. Ferreira

The Science Club is made up of a group of students who acknowledge the great importance of science in our daily lives.

This group is led by president Ian Leslie and has been active in participating in fundraising through the year and in several field trips.

USHER CORPS

Advisor: Ms. L. Dlouhy

This year the Usher Corp members have been working to add a classy, finishing touch to the Drama Club's performances of the *Gift of the Magi* and *Oliver*. The Usher Corp is made up of those people who wish to help with school and community productions. They are well informed regarding the numbering of the auditorium seats and do a quick and efficient job.

(Left) Mr. Marchand prepares usher members for the upcoming play.

How do you feel after the audience had been seated at the performance?

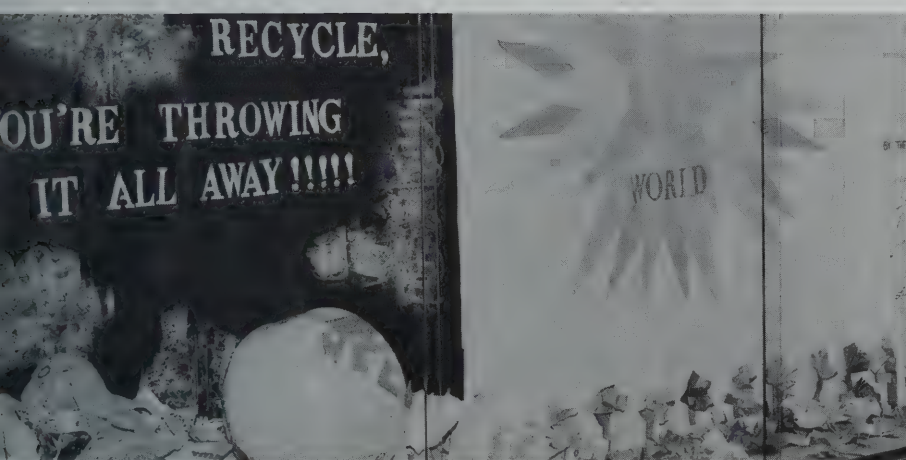

"There was a great sense of relief knowing that the audience has been seated. — Sue Pires

"I feel that it would greatly benefit the school. It's a step in the right direction."

— Matt Crook

GLOBAL AWARENESS

Advisor: Ms. E. Daigle

The Global Awareness Club was started to inform and warn the students and faculty of NBHS of the rapid destruction and deterioration of our planet; and more importantly, the ways to prevent it.

How do you feel about the new recycling program here at New Bedford High?

The Art of Communication

People communicate in a variety of ways. Some use the printed word, some pictures, and some television. At NBHS the printed word is in the *Crimson Courier*, advised by Mrs. Forman; pictures are done by the Photo Club, advised by Ms. Johnston; and television is expertly handled by WIMC-TV, advised by Ms. Marland.

Each of these groups covers events at the school in its own fashion. They put in hours of dedicated work. The Photo Club members take photos of children talking to Santa at the Faculty Children's Christmas Party, as well as taking pictures of couples at the banquets.

The WIMC-TV station covers just about every event at the school, as well as running a special television program seen on local cable television.

Opening New Worlds

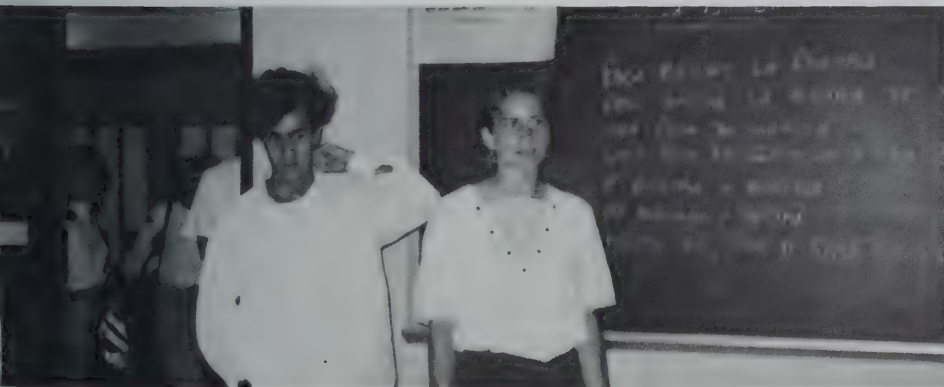

The four language clubs of New Bedford High helped students to expand their horizons beyond the classroom door. The advisors aided in exposing members to different cultures and ways of life. This learning builds an understanding of others and the countries in which they live. Many of the clubs' activities involved dressing as different peoples and imitating their ways of life to examine the likenesses and differences between those cultures and our own.

Learning Is Big Business

The Compass Bank stationed here at N.B.H.S. gives students and faculty the opportunity to get their banking needs accomplished during the school day. The bank is managed by Mrs. Houghton from Compass Bank and the course is taught by Mrs. Audette of N.B.H.S. From the classroom to the working area of the bank itself, the students get a feel for the banking world.

GREAT OUTDOORS CLUB SENIOR MEMBERS

The Great Outdoors Club, in its eleventh year, is the largest club offered to students at the high school. Individuals are able to unleash their love for adventure on all of the trips in which the club participates. Mr. Pepin, the club's advisor, annually assembles a group of students to bring them closer to nature and make them aware of their own surroundings.

This year, the Great Outdoors Club combined with the Key Club for a walkathon which raised funds for sickly children. By partaking in this

activity, the students were able to help others while satisfying their own tastes for the outdoors. The members spent their time enjoying both day and overnight trips. They climbed Mount Chocurua, which is in New Hampshire, on one strenuous afternoon. They also relaxed on an overnight vacation at Camp Cachalot. The club is known for its ski trips, and this year was no exception. The Great Outdoors Club definitely is an educational, as well as enjoyable, experience for all involved.

The Chess/Bowling Teams, advised by Mr. G. Biscari, combine both physical and mental activities. For the first semester, the students are able to spend their Friday afternoons bowling as they compete against each other. When the second semester rolls around, they then use their heads to undermine each other in a game of chess. This is one club at the high school that really explores every aspect of a student, both physically in the bowling lanes and mentally on the chessboard.

Giving Service Through Leadership

The Student Congress this year, under the presidency of Michelle Pacheco, created a new fundraiser to help with building funds for the club. Santa's post office became one of the hits of the Christmas Bazaar. Great idea, Michelle.

In addition, the Student Congress ran the school elections, participated in Spirit Week with the annual flower sale and planned a community service.

UPWARD BOUND SERVICES

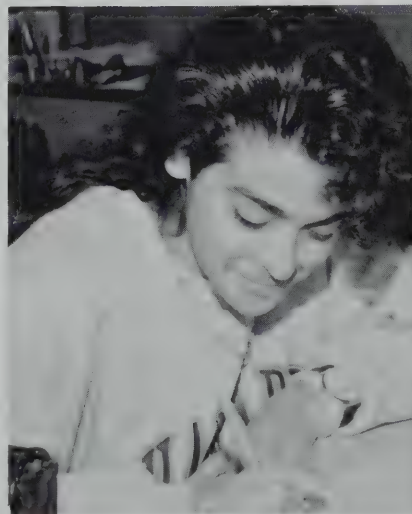

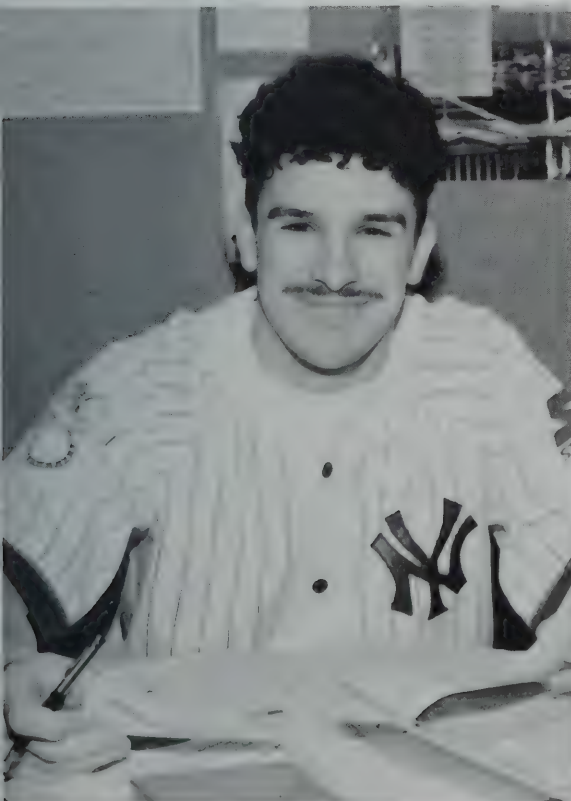

The Upward Bound program is for high school students who intend to go to college, but need academic or financial help. The goal of the program is to teach students the skills they need to get into college and succeed.

For 25 years, Upward Bound programs across the nation have been successful in helping students who are at risk of dropping out of school. The NBHS program has a perfect record of accomplishment.

One of the "teams" that is sometimes not credited enough for its stamina and energy is the cheering squad. The hours of practice and planning are directed by head cheerleader Ann Resendes and advisor Cheryl Perry.

Cheering throughout the year, the squad pours in many hours of hard work, but the friendships formed and fun times experienced ease the burden of the hard work.

CHAMPIONS

Again?!!

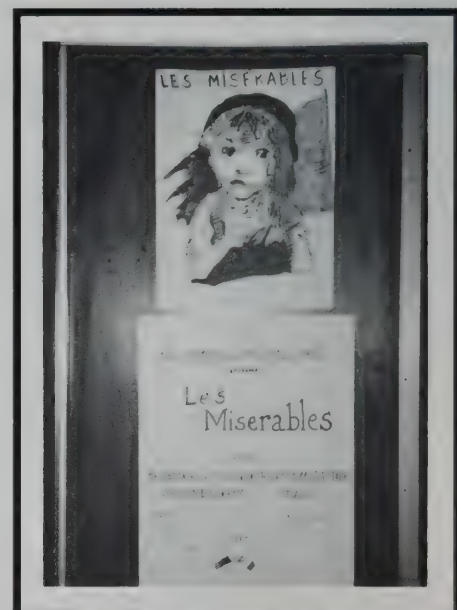

97.4

About five years ago, the Whaler Marching Band had done what they had considered to be their finest show ever the highly regarded "Chorus Line". Since that time, all other shows had been compared to it . . . that is, until this year! This year, the show, featuring music from the hit Broadway musical "Les Miserables", became the highest scoring show in the New England Scholastic Band Association (N.E.S.B.A.) history . . . a record shattering 97.4!!

From the warm-up through the

final note, their performance seemed almost flawless. The huge audience at Foxboro Stadium came to its feet collectively as they sensed history in the making. It was the first time that a band from a smaller division had topped all scores. Upon further inquiry, it also became New Bedford's seventh N.E.S.B.A. Championship Title.

Under the direction of Mr. Vasconcelles the band again outdid themselves. Their many hours of practice paid off and they, again, were the champions.

PAVING THE WAY WITH LEADERSHIP

Every year more and more students are signing up for the JROTC program to pursue careers in the military field. The Junior Reserve Officer Training Corps puts emphasis on many life skills such as map reading and the development of confidence. Students in the JROTC are taught leadership training skills, disciplinary skills, and team activities. The students also take part in many field trips including weekend tours where they practice their military abilities. Traditional fundraisers like the pancake breakfast, are held to raise money for such trips. With the leadership of Col. Napoli, students get a grasp of military history and the role of the military in society.

This year's Christmas performance, held at White's of Westport on December 11, 1990 was indeed a show worth waiting for. "Holiday Windows of the World" was sponsored by Ms. Cassandra Morgan and choral groups. Many a story was told and many items were sold from several nationalities. The evening concluded with the energetic singers and dancers of the Select SSA and the SATB Show Choirs. The performance was without a doubt a great hit.

The Gifts

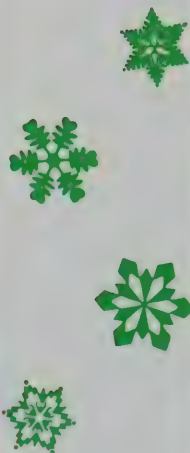

DRAMA CLUB SCORES ANOTHER HIT

"The Gifts of the Magi" takes place in 1905 with Christmas just two days away. Talented Kari Pina and Mac Dunlop play a young couple, Jim and Della, in the fast paced city of New York. They are very poor, and neither can afford to give a Christmas gift to the other, though both truly wish to do so. In the meantime, the local bum Soapy Smith, played by Marc Rooney, tries to get imprisoned which he considers to be a vacation from the cold and starvation of the streets of New York. His many attempts to get arrested fail, yet he successfully brings laughter to the audience. Matt Silva, playing a newspaper vendor, narrates the stories and connects the scenes. We see Tim and Della both giving away the things they love the most. Della cuts and sells her beautiful hair to buy a watch fob for her husband's heirloom; and ironically, Jim sells this same watch, to get combs for Della's long hair! These desperate acts show the deep love of the two young people, and are

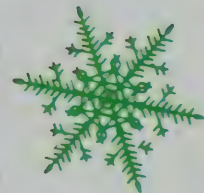

truly "The gifts of The Magi". The story ends happily, as Jim Dillingham is offered a job, and Soapy Smith surprisingly gets arrested.

Senior Banquet

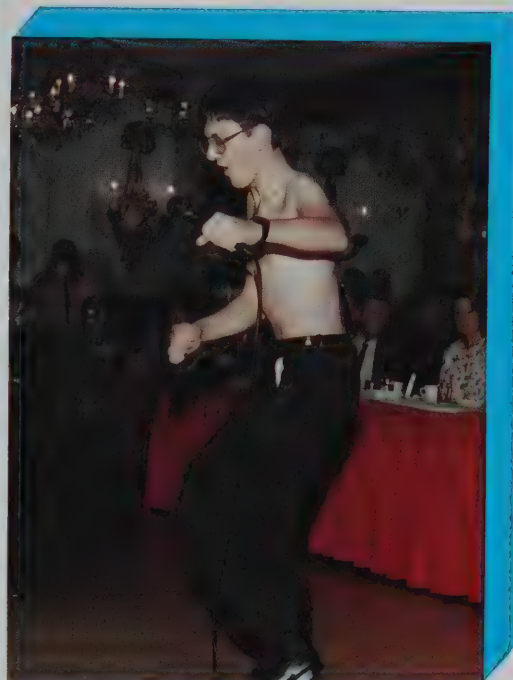

After being moved three times, the Senior Banquet finally took place on November 11, 1990. President Ramon Silva welcomed over 400 guests to White's for an evening of fun and dancing.

Friends teased each other while others like Hanna and Rachel (below) enjoyed the show.

Elissa introduced the acts and the crowd roared in delight at the antics.

Elida "alias Bob Marley", Peter "alias M.C. Hammer" and Fred Lopes with Cory Silva gave the crowd a treat with some fun entertainment.

Dancers, like DJ and Marcia, are reflected in the glass border along the dance floor.

Ivan adds a flair to the affair with his "beret" while Leon sneaks up on Ryan and Mike. Lilliane, Rochelle, and Katie love the fun.

A variety of couples drift by before the music turns "hot" and the beat picks up.

Bruce Duarte's music kept the dance floor busy for the entire evening with folks such as Lisa and Sean. Below, Michelle and Natasha take a break.

The evening came to a close all too early it seemed. Upon leaving, the seniors were given a bank, complete with a dime and poem as their souvenir.

The crowd was warmed by the bonfire and good feelings about the upcoming game with Durfee.

NBHS Alumni fill the park re-establishing old friendships.

There were many exciting plays throughout the season such as the ones seen on Turkey Day. The receiving and running of Dana, Lyle, Wayne and Ramon were always outstanding.

Mike, Wayne, Ramon, and Ray ponder their futures — and where they'll be playing next year as they watch the "second team" take over during the second half. (Right) Todd wows the crowd as usual with his fine play.

Aaron, Joe and Dana let the world know what Durfee quickly found out — NBHS is #1.

Durfee: O

N.B. teams have always been known to use their superior athletic ability to put some fear into the opposition and come out on top, and this year's teams were no exception. The switch to the newly assembled Big Three Conference brought on new challenges which were met and conquered. Members of the senior class led these teams by the examples that they set both on and off the playing surfaces. Through our performances and attitudes, we showed others that N.B. athletics is and will always be a force with which to be reckoned.

"The Power of Youth"

The Boys' Cross Country Team suffered through a very uncharacteristic losing season. After going undefeated and winning the league title the previous year, the Whalers were left with a very young and inexperienced team.

Sean Almy was the lone senior on this year's team and proved to be a very valuable scorer along with juniors Walter Chomak and Kevin Bruneau. Both Chomak and Bruneau qualified for the State Finals due to their outstanding individual seasons as they finished 1st and 2nd in the Big Three Conference Championship.

Despite the losing record, the boys improved considerably as the season progressed. This was a young team with a number of freshmen and sophomores. At times, it seemed

as if there were more runners than there were places. The Whalers, however, never let that get them down.

The loss of Sean Almy next year to graduation will be a large void to fill, but the Whalers will return a number of athletes who gained considerable varsity experience this year as freshmen and sophomores.

—Deanne Gomes

How would you best describe this last season?

"I would say that this year was a learning experience. I had to adjust to working with a young team."

—Sean Almy

"On the Road to Success"

The Girls' Cross Country Team had a very good season this year. Facing, in all likelihood, the toughest schedule in the state, the Whalers completed a 5-2 record.

Seniors *Andrea Fernandes*, *Deanne Gomes*, *Rachel Koroski*, and *Rina Tarini* have been valuable varsity performers for the past 3 years. They concluded their senior seasons in outstanding fashion as they combined with several younger, inexperienced teammates to establish the Whalers as one of the best teams in Eastern Massachusetts. This fact was proven in the E. Mass. Division I Meet at the end of the season when the Whalers finished 6th.

Sending their talents to the Whaler team were juniors *Suzanne Means*, *Jen Green*, and *Kerri Millette*, who was

injured most of the season. They showed extreme courage and strength as did sophomores *Megan Bourgeois* and twins *Michelle* and *Chelyn Tetreault* who helped lead the pack in most meets. The team's only freshman *Kristy Lapre*, went on to run the Division I Meet.

The attitude and work ethic that the senior members exhibited during their careers should be carried on by their younger teammates in the future years.

—Deanne Gomes

How would you sum up your four years on the Cross Country team?

"I feel I have developed, not only as a runner, but also as a person. I have learned how to share my life with the other girls on the team."

—Rina Tarini

Turning In Another Successful Season

When the NBHS Field Hockey Team took the field this year few people knew what to expect. Although they had several talented and experienced players returning, many felt that losing key players to graduation and being placed in a new league would hurt the Whalers. However, the team exceeded all expectations by posting an 8-4-3 record and qualifying for the state tournament.

The Whalers were led offensively by *Jane Perron* and *Kristen Hardy*. Hardy's league leading 12 goals were the most scored by a Whaler in recent years. Defensively, the team was led by league all-star *Sophia Zaharidis*. Other seniors who were key contributors were *Kelly Soares*, *Lisa Briggs*, *Jen Sauve*, *Marcia Galipeau*, and *Shai Spinola*.

Although this year's team was dominated mostly by seniors, several underclassmen were able to gain valuable experience. Therefore, most will agree that the future looks bright for the NBHS Field Hockey Team.

— Doug Lane

How did this year's team compare with other teams in recent years?

"This year's team featured many players who were around the same skill level. We learned to work together and help each other out in different situations. Mr. Vaz's assistance and understanding really contributed to the year's success."

The Whalers Romp

The team started off the season with reservations about their new schedule. Facing the new Division One schedule with teams like Malden Catholic and Brockton, who was ranked fourth in the country, the Whalers figured this season would be used to become familiar with this difficult schedule. The Whalers shouldn't have been worried; it was Division One that should have been worried.

The Whalers trampled everyone in sight. The loss of their offensive line to graduation was not a barrier to the Whalers. With a new line and an aggressive attitude towards their difficult competition, the team was re-born. Quarterback *Todd Soares* was truly the best in the state and with receivers *Aaron Perron*, *Jeffrey Correia*, and *Derek Frakes*, the Whalers used a pro style offense that shocked opponents. Their ground game was tremendous; the power of *Ramon Silva* and the quickness of *Dana Farland*

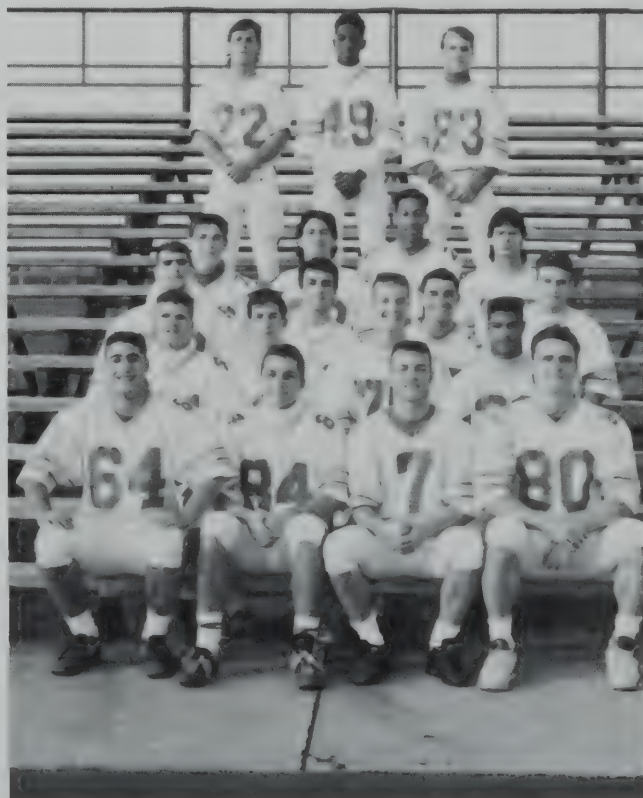

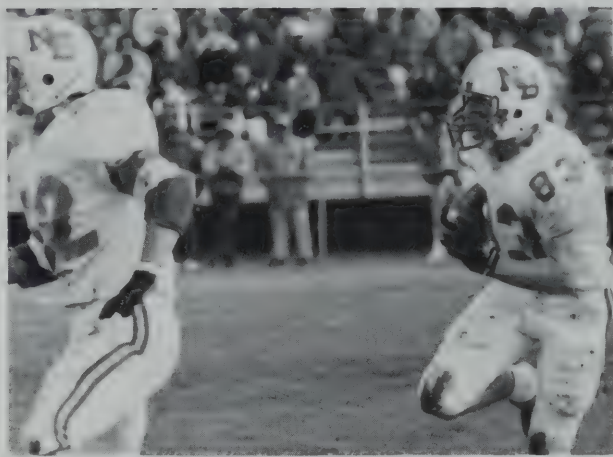

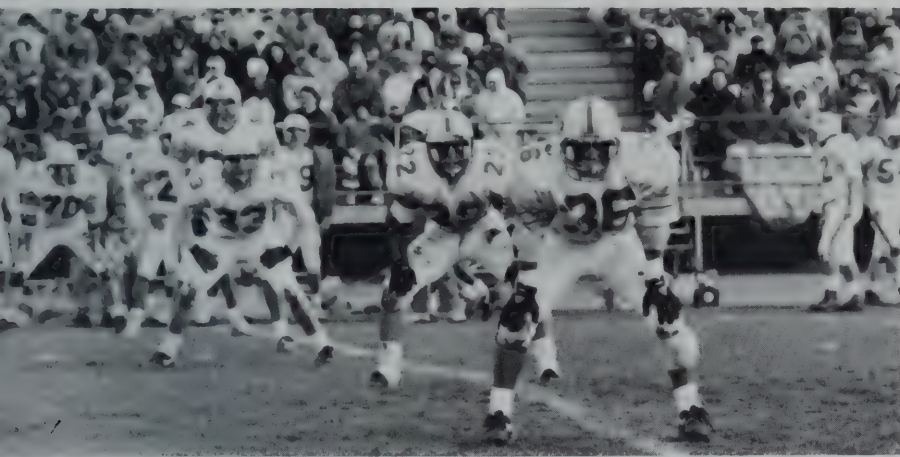

proved to be an unstoppable combination.

The defense was anchored by *All Stars Silva*, *Mike Currin*, and *Ray Gramlich*. *Joey Oliver*, *Tyson Rose*, *James Martins*, and *Tiago Lopes* also provided for a very stable secondary. In the immortal words of Coach Joseph Wirth "This is truly the best team this school has ever seen.!"

"What was the highlight of the season for you?"

"Five games into the season we traveled two hours through Boston traffic to play Malden Catholic. We arrived to a sopping wet field and a hostile crowd, containing few Whaler fans from home. By the third quarter the entire Whaler backfield had been lost to injury, and sophomore quarterback Matt Trahan and Kory Medeiros, along with reserve running backs Chris Gula and Nate Monteiro, brought the Whalers to within one with thirty second left! After coming back from a 14-7 deficit, with twenty six second left on the clock, senior placekicker Ray Gramlich kicked a winning field goal to elevate the Whalers to a 16-14 victory."

A Season of Transition

Nineteen-ninety brought some new faces as well as a new season for the NBHS Golf team. After losing several key players to graduation and being moved to the fall season many felt that the team would have a difficult time remaining competitive. However, strong leadership from the seniors and some greatly improved underclassmen helped the Whalers to post a respectable 5-11 record.

With *Mike Xiarhos* and *Eric Borges* the only returning seniors, Coach Steve Saba was forced to look to underclassmen for support. Junior co-captains *Gary Coppa* and *Jen Machado* were key contributors throughout the season. Coppa's scores were consistently in the 40 range and he was undoubtedly the team's steadiest player. Other top performers were *Andy Horsefall*, *Josh Foster*, and *Keith*

Camara, who shot a career low of 38 against Barnstable.

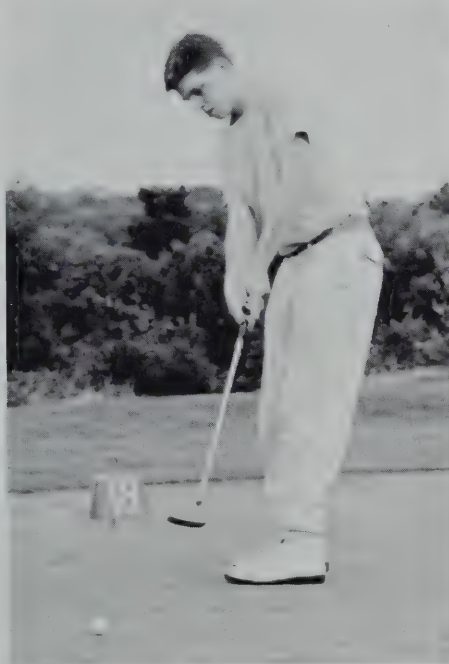

The future looks bright for the golf team and there are high hopes for next season. With most of this year's team returning next year, the team is expected to be one of the most talented in recent years.

— Doug Lane

Do you feel that being moved to the fall season affected the team this year?

"I think that it did affect us because we were playing different teams. I think it helped us because we were also playing in a different division and we didn't have to compete with Durfee. I think it was good for our team because we got to play on a variety of different golf courses. In terms of our play, it didn't really affect us that much."

— Eric Borges

Kicking Into High Gear

The Boys' Soccer team opened the season by destroying Catholic Memorial 8-1, and they never looked back.

After losing numerous stars last year to graduation, the season was expected to be a rebuilding one. Fortunately, nobody told the team that! The Whalers cruised to a 14-2-2 record. Along the way they defeated Dartmouth twice and also pounced Brockton twice. The boys cruised through their new Division I schedule and advanced headlong into the state tournament. They shut out Plymouth North in the first round and moved on to face rival Dartmouth. The game was perhaps one of the best in state tournament history, lasting five overtimes. Finally, the Whalers scored in the fifth overtime and won by a score of 1-0. They then went on to face top-ranked Madison Park, but lost by one

goal.

This year's team was great all around and was highlighted by all-stars *Roy Vinagre*, *Lazaro Pisoeiro*, *Angel Fialho*, *Mauricio Delgado*, and *John Almeida*. The offense scored an amazing 58 points while the Whaler defense held their opponents to only 15.

Next year's team has a pair of very large shoes to fill, but with players like freshman sensation *Jeff Negalha* the future looks bright for Coach Matos.

— Donald Vieira

What has being on the soccer team done for you?

"It has given me a lot of good memories."

A Rebuilding Year

Like all of the sports at the high school, the girls' soccer team had to face the new Division One Schedule. They opened the season with very high expectations. With returning seniors *Hanna Bordas* and *Cristina Gonsalves* solidifying the offense, and the defense being anchored by seniors *Lisa Borges* and *Nelida Ferreira*, the prospects for a good season were there.

Unfortunately, the new schedule was just too much for the Whalers. The Division One schools, such as Brockton and Silver Lake, were just too much for the team. The Whalers were outsized and outmatched most of the season but still played with their hearts in the game. The highlight of the season was the fact that the girls never lost to archrival

Durfee. They defeated the Hilltoppers 1-0 to gain their only win of the season and then tied them to finish off the season.

Although their record may reflect a dismal season, the future is bright for the girls' soccer team. This year's team was young and with returning starters such as *Robyn Branco* and *Jennifer Ramos*, next year's team should be solid and experienced.

The Swim Team's Fountain Of Youth

After losing ten strong swimmers to last year's graduation, our Whaler Girls' Swim Team was less than confident when thoughts of a League Championship were brought up. Coach Medeiros thought he might have been on the verge of a rebuilding year, with nineteen new swimmers on the team. He was in for a pleasant surprise, with the team creating a big red wave at the new "Big Three" relay carnival and six dual meets in a row, to open up the season.

The Whalers were 10-2 with superior depth and team spirit as the keys to their success. The "New" seniors took over and provided the necessary leadership to wash away Brockton and Durfee for an undisputed first year

ever "Big Three" Conference Championship.

School records fell in four events with *Sherri Arruda* (50 yard freestyle), *Julia Hamel* (100 yard backstroke) combining with *Kelly Pinto* and *Sondra Kazama* to share in a new record in the 200 medley relay. Another new record comes from the 200 yard freestyle relay with members *Arruda*, *Kazama*, *Kara DeBrosse*, and *Michelle Hammond*.

It was a fun season with lots of hard work from the veterans as well as the nineteen new swimmers. This dedication was rewarded by much success and strengthened friendships. The seniors thank Coach Medeiros for helping them to grow physically as well as mentally over the past four years.

Girls 'Set' Up For League Championship

This year's team came into the season thinking it was going to be a rebuilding year, but Coach Macedo utilized his team to their fullest potential.

They had a new more sophisticated offense, using their big middle hitters *Becky Ortiz*, *Nelly Barbosa*, and setters *Tammi Agostinho* and *Carin Walker*. The members of the defense *Jen Quann*, *Kim DeRossi*, *Alissa Knowles* and senior *Nicole Sylvia* held the team together. Outside hitters *Katherine Waskiel* and seniors *Kelly Taber* and *Sandy Vanasse* put the finishing touches on the team.

The team progressed much quicker than everyone anticipated, and they soon qualified for the state tournament for the *fifth* consecutive year. The volleyball team enjoyed

a very successful season with this young squad.

This year's volleyball team produced a wealth of all-stars and season records. *Tammi Agostinho* and *Nelly Barbosa* were League and Standard Times All-Stars. *Kelly Taber* was also a League All-Star. There were two season records broken in the categories of digs and blocks. *Waskiel* with 67 in digs, and *Barbosa* with 41 in blocks. Match records for consecutive points was achieved by *Agostinho* with 14. Record kills in a single match were also performed by *Barbosa*, with 19 which crushes the leading record of 10. A tie exists for record digs in a match between *Jen Quann* and *Kim DeRossi* with 10 each.

A New Challenge

The NBHS Boys' Basketball Team began a new era this season. After ruling the Southeastern Massachusetts Conference, along with Durfee for the past ten years, the Whalers were forced to join the Big Three Conference when their league dissolved. Many felt that the team would suffer because of the increased amount of travel and more difficult schedule. However, the Whalers were up to the challenge and set out to prove that they could compete with the best teams in the state.

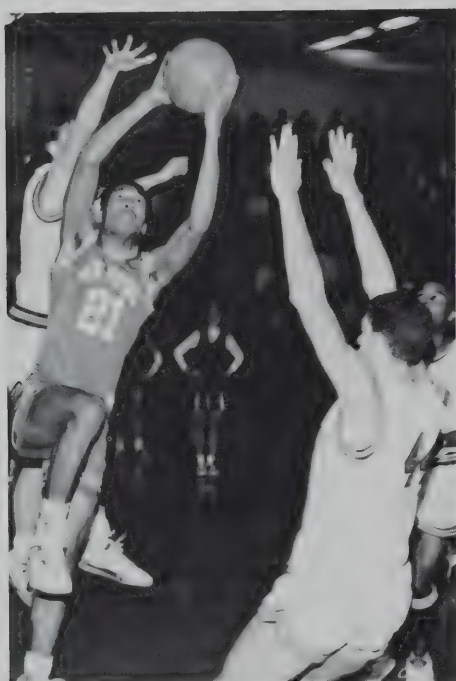

The team began the season strongly by winning its first six games including the title at the Rogers Christmas Tournament for the second straight year. After suffering two early season losses, the Whalers bounced back with an

impressive league win at Durfee.

The Whalers were led by senior *Charles Depina* who emerged as the area's best three-point shooter. Depina's shooting opened up the inside for the talented front court of *Lyle Silva* and *J.J. Wedge*. It also allowed point guard *Ryan Fermino* to put his superb playmaking ability to good use.

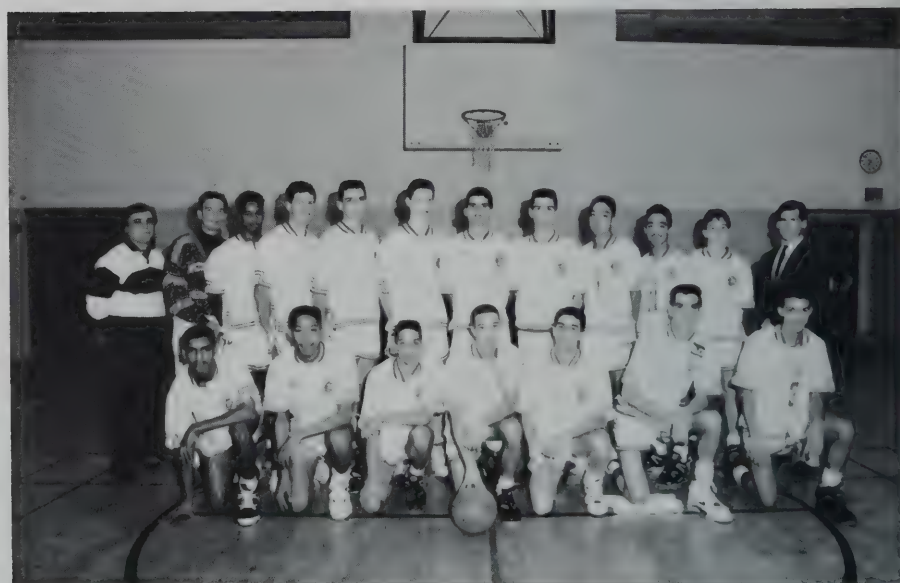

After the Durfee win, the team experienced difficulty completing its schedule. Unexpectedly, however, strong play by the underclassmen and improved play by the seniors, brought the Whalers their 16th straight tournament berth where they once again defeated Durfee!

A Season of Changes

Few knew what to expect when the N.B.H.S. Girls Basketball Team took the court this year. It was the first season for new head coach Robert Foster, and several players had been lost to graduation. Also, the Whalers were given a much more difficult schedule because of conference realignment.

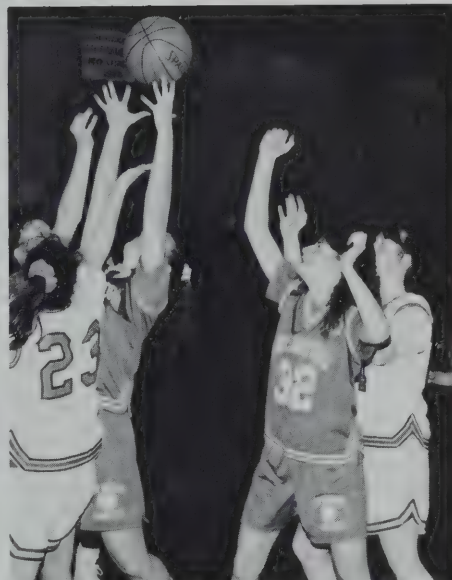

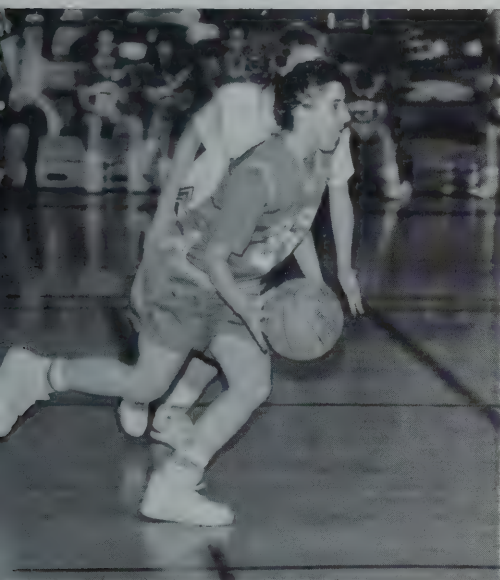

However, the Whalers began the season strongly with key victories over Bishop Stang and Hingham. They then went on to win an early season tournament by defeating host team Old Rochester. After a disappointing loss to Brockton, the Whalers went on to win four straight games, the last of which was a nine point victory over arch-rival Durfee. The team then went on to complete one of its most

successful seasons.

This year's team was a mixture of youth and experience. Seniors *Kelly Taber*, *Lisa Briggs*, and *Christine LeBeau* provided a solid nucleus for a talented group of underclassmen. Junior *Jen Quann* gave the Whalers their main scoring punch, and the ball-handling ability of *Michelle Desrosiers* was an excellent compliment to the impressive inside play of *Rebeca Ortiz* and *Kathy Waskiel*.

Though the loss of Taber, Briggs, and LeBeau will be felt next year, Coach Foster has to be optimistic about the experienced and enthusiastic group of underclassmen that he has returning next year. They should be strong in nearly every position and will undoubtedly be ready for another challenging season.

A Vault Above the Rest

The 1991 New Bedford High Gymnastics Team was one of the most successful teams ever. Under the lead of captain *Sarah Simons*, the Whalers went 8-1 and won the Big Three League Championship. This year's four seniors all worked very hard. Experiencing her first year on the team, *Davana Rose* competed on the floor, bars, and beam, with beam being her best event. *Heather Houghton*, another senior, also contributed a great deal to the team with her vaulting. *Andrea Fernandes*, who was out most of the season with an injury, was able to come back and help the Whalers with a floor routine and her outstanding vaulting. Simons competed consistently on floor, bars, beam, and occasionally the vault.

The rest of the team consisted of juniors, *Heather Pettey* and *Tammi Agostinho* and sophomore *Tanji Martin*. All were outstanding all-around competitors. Freshmen *Elizabeth Methe*, *Jen Viera*, and vaulters *Julie Borges* and *Jen Pacquette* all excelled in practice as well as in the meets.

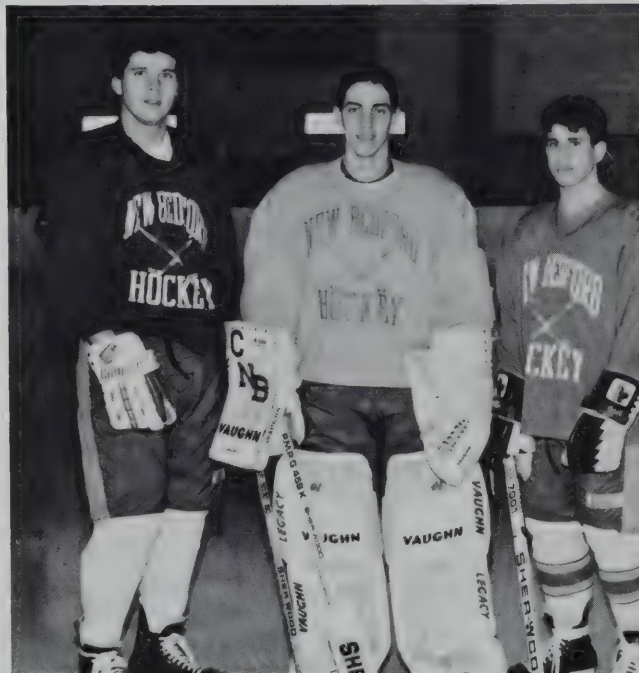

Many record high scores were reached this year. The Whalers' total average was 121.98; one of the highest team averages for any gymnastics team. Two school records were set this year by Simons. Her scores of 8.8 on floor and 8.7 on bars are now the highest achieved by a NBHS gymnast. Gymnast coach, Ms. Stephanie Thompson, feels that next year's team offers great promise.

Overachievers on the Ice

Last year's Whaler team was given the title of "the best team in New Bedford High School hockey history." Unfortunately, Coach Gouveia lost five all stars to graduation and the outlook for another good season was bleak.

This year's team performed above and beyond everyone's expectations. With a great crop of freshmen in the starting lineup, highlighted by scorer *Chad Pimental*, the team proved to be a threat to all of their new Division One opponents. An incredibly talented junior group also added to the success. The hard checking of *Jeff Pothier* and *Josh Ignacio* provided the Whalers with the physical component of their game plan. The consistency of senior co-captain *Keith Espinola* and senior *Steve Raposo* was also a great plus

to the surprisingly successful hockey season. The other senior co-captain *Jimmy Pine*, provided the best security at net in the history of New Bedford High.

On their way to The Big Three Championship the Whalers destroyed Durfee with a score of 6-2 and rocked Dennis-Yarmouth with a score of 11-0. This year's team was extremely pleasing for Coach Gouveia and next year's team looks even better.

— Donald Vieira

How would you sum up this season?

"It turned out better than expected."

— Steve Raposo

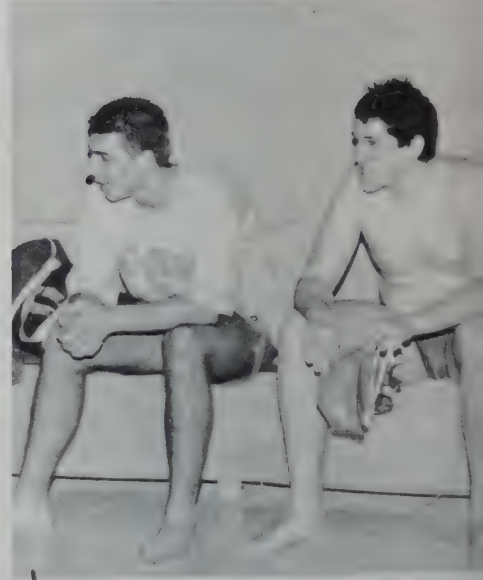

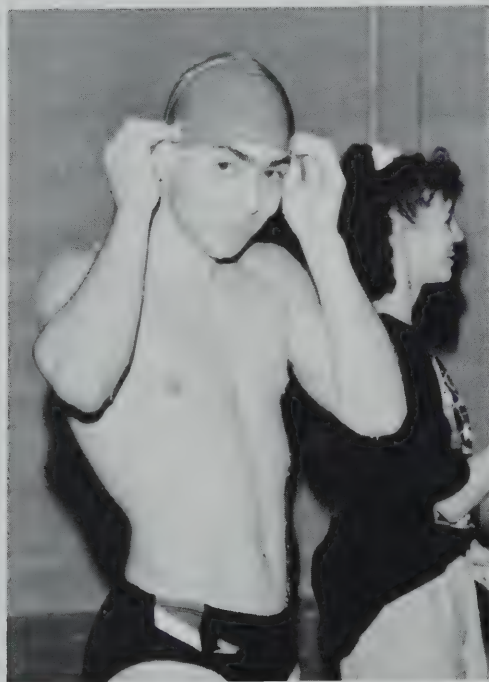

The Unchallenged Whalers

The NBH Boys' Swim Team is one of untapped potential. Coach Medeiros said that this was the best team potentially, he's ever had. The swim team went up against only one real threat, Seekonk. The rest of their opponents were basically washed away!

From the start of the first race, of the first meet of the season, you could feel the excitement in the spectators' balcony. Two records were broken in this first meet. The 200 yard medley relay with sophomore *Matt Weaver*, senior co-captain *Aaron Bradshaw*, senior co-captain *Marco Rocha*, and freshman *Joey Jupin* went first. Then breaking the next record in the 100 yard backstroke, Weaver again created quite a splash.

As the season progressed, more records were broken. Weaver broke the 100 yard freestyle and the 500 yard freestyle. In spite of a lack of any strong competition, many swimmers got their best times during the season. Seniors providing support and talent for the team included *Brian Alves*, *George Ashley*, *Glenn Wilcox*, *Joe Kaufman*, *Tony Maciel* and *Travis Scott*, as well as the incredible diving ability of *Justin Murphy*. Some teams were small and inexperienced, and others were weak. Coach Medeiros said that although it was an off season, the NBH Boys' Swim Team is a wave above their opponents. These are the reasons, combined with their talents, that they are the Big Three Champions.

A Time to Rebuild

This year was rather difficult for the NBHS Boys' Indoor Track Team. Though there were eleven seniors, the Whalers still had a tough time due to the many younger, less experienced participants. For the seniors it was even more disappointing, but the team never gave up and raced hard at every meet.

The team was led by several young men whose drive and determination never let up. These men were *Alen Soares*, who contributed his talent to the 300 yd. dash; *Tyson Rose*, an enthusiastic performer in 50 yd. hurdles; *Matt Bargassee*, a strong man in the 50 yd. dash; *Ramon Silva*, known mainly for the 50 yd. dash, but also great all around; *Chris Mello*, who shone in the 600 yd. dash; *Mario Arruda*, who helped out in the shot put; *Joe Sousa*, who gave his effort to the

300 yd. dash; *Sean Almy*, a standout in the 600 and 1,000 yd. dashes; *Steve Estevez*, who was strong in the shot put; *Ian Leslie*, who also led in the shot put; and *Tiago Lopes*, who, before becoming injured, ran the 300 yd. dash. Their presence will be greatly missed next year.

Being young may prove to be advantageous for the Whalers in future years. The coaches' leadership and the work of the rest of the team should help them make next year a success.

We Have Arrived

After a disappointing season last year, the Girls' Indoor Track Team finished undefeated with a record of 5-0. There were only four seniors, but that didn't hinder the Lady Whalers at all. They fought hard the entire season, even through a team flu epidemic at the last dual meet. This 5-0 record made them Big Three League Champions.

Part of the girls' success was due to the work of their seniors: *Tammy Sanborn*, who came up from the back in the 600 and 1,000 yd. dashes; *Cheryl Pare* and *Stephanie Mitchell*, both successful leaders in the 50 yd. dash, and *Deanne Gomes*, who gave her talents to the mile and two-mile runs. These girls gave their heart-and-soul to every meet they

participated in. It will be sad to see them go, as their leadership helped to inspire the younger girls.

Hopefully next year will prove to be just as successful as this one. The rest of the team is young but very talented. They have the ability to carry the torch of champions into the future.

The support from the NBHS faculty and staff has allowed the Class of '91 to move forward. Everyday they made a tremendous effort to give us the best education that they could, while still trying to make high school an enjoyable experience. We give our thanks to every member of the staff for only now do we realize that the work that they made us do and the lectures that we were forced to listen to, instilled in us those values which we will one day desperately need in this world.

TWO VIBRANT INDIVIDUALS

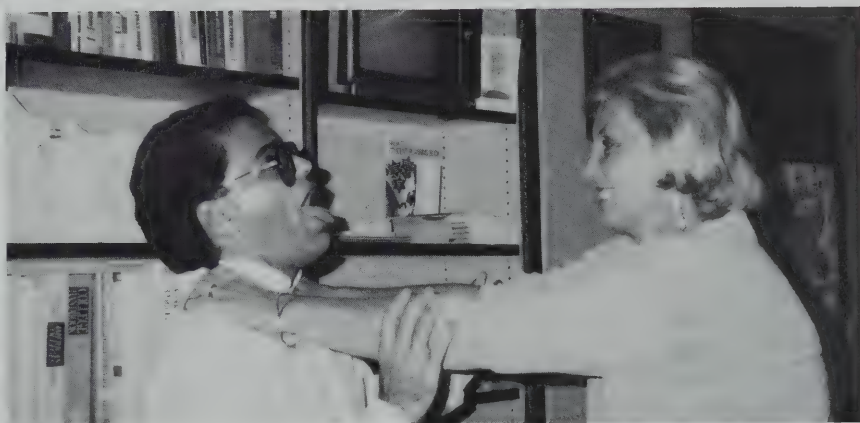

When Mrs. Judy Bolton and Mr. Jack Costa volunteered to be class advisors, they probably didn't expect the job to be so much fun. They both have enjoyed being such an important part of the Class of 1991. Mr. Costa commented that it was like "reliving four years of high school" and was "a great experience". Mrs. Bolton has noted that our class is "a fairly serious group".

Mrs. Bolton and Mr. Costa have been a great help to our class by preparing the floats for the Spirit Parade, attending sports events, and sponsoring the Snowball Dance for two years.

Aside from the work they do for the school, they both lead busy personal lives. Mr. Costa teaches math for Bristol Community College and Newbury College at night. He also considers himself an "exercise-aholic", as he lifts weights, runs, and skis. He enjoys listening to rock-n-roll. Mrs. Bolton, on the other hand, spends a great deal of time helping her son with his business by keeping the books and answering the phones. She also baby-sits her grandchildren and enjoys watching her favorite movie, *Beaches*.

These two vibrant individuals are very giving of their time. The Class of 1991 is grateful for their unselfishness when planning events and spending what little spare time they have with us.

"Giving Something Back"

Mrs. Purcell is the advisor of the Minority Awareness Club, which is designed to help minorities become more aware of their culture. Growing up in the West End of the city and attending city schools and New Bedford High School, she was highly influenced by many high school teachers. These teachers left a real impact on her which made her want to succeed in her studies and help as many teenagers as possible. In doing so, she received the Student Advisory Committee N.B.H.S. 1985 Award for Selflessness and Service to New Bedford High School. This accomplishment made her realize that in her years at N.B.H.S. she has made a difference by helping and teaching students to lead a successful life. Mrs. Purcell feels that as a member of the faculty at New Bedford High School "teachers really do care".

"A Dream Comes True"

Mr. Vaz, a teacher in our Math Department, has been with our staff at New Bedford High School since 1968.

Mr. Vaz feels that teaching has its ups and downs. One of the biggest disappointments is not always getting the full effort and ability he expects from his students. His main goal every year is to get every one of his students to perform to the best of his ability. One of the most joyful parts of his job is meeting new students and making new friends.

Mr. Vaz is also a coach at New Bedford High. He starts off his school year by coaching the girls' field hockey team. He makes every effort to perform in the best way that he can as a coach.

Mr. Vaz also plays drums in the National Guard band. For two years he was in the service. Most of his two years were spent with the Navy in the Far East. In Okinawa he performed in the communication station, and in Vietnam he performed in small crafts on the coast and up rivers.

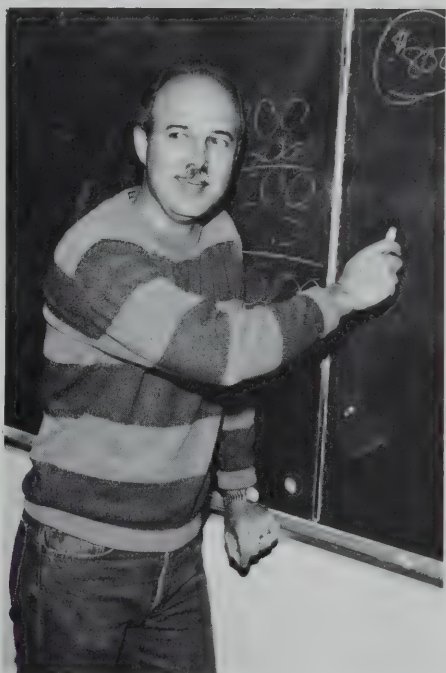

In the past two years Mr. Vaz has toured Greece and Jamaica with the National Guard. He found it very interesting to work as a group to meet a singular goal.

He is married to a beautiful wife, Maria, whom he loves dearly. They have brought up three wonderful children. The most exciting part of their marriage was when their first son Matthew was born. A year later they had another son, Eric. Three years later they had their first daughter, who is Mr. Vaz's little "Princess" Amy.

Mr. Vaz always had the dream to be a teacher, to marry a fine woman and have a family. He considers himself a lucky guy who has lived his dream. His new dream is to one day win a state championship in field hockey. Someday the girls will make his dream come true.

His admiration goes to his parents and Mr. Saltzman.

He's just a regular guy doing his best!

"Deserving of Recognition"

Anyone who has ever been taught by Mr. Goodfellow knows how well he can hold the interest of his students while still maintaining a rigorous curriculum. He has a knack for teaching that offers a challenge to his students, yet allows them to enjoy the class.

In his 23 years of teaching, Mr. Goodfellow has found that students no longer seem to realize how their knowledge will help them in their future. "Nobody can progress in any endeavor unless you're motivated. In the past those kids were motivated by the promise of success later on; today's teenagers concentrate on what kinds of achievements can bring them immediate satisfaction."

Mr. Goodfellow is a well-rounded individual himself who coaches football and track for Apponequet High School. He has also won a number of awards for his work in chemistry, which includes the Sigma Psi Award from SMU for being an outstanding science educator and recognition from Tufts as a brilliant individual.

When he's not busy coaching, teaching, or winning an award, he enjoys playing chess, reading chemistry journals, and spending time with his wife and three children.

Quoting him, "It's the feeling of knowing that you have led a constructive life that really matters." He certainly has lived up to his own expectations.

(Top) Tan House spirit broke out in "conduct card" sweatshirts. Clever folks. (Far left) Mr. Crompton is surrounded by "fans", while (Center) fans of the football team, Mr. Mitchell and sons, turn out at the bonfire; and (Above) fans of each other, Mr. Couto and "friend" pose for the birdie. (Below, left) Those Tan House folks are at it again! Mr. Calnan, Mr. Edmundson, Mrs. Costa, Mr. Taylor and Mrs. Conward get ready to start their summer vacation.

A friend is a person you laugh and cry with. Sometimes we have our little differences; but even though we're apart, our hearts will always be together. So now it's our last year, and it's time to move on with our lives. We must say good-bye, but we'll never forget the wondrous, craziest, dangerous times we had. We'll always have our memories that we created together.

When two people unite, we tend to be as one. Throughout the years our relationship grows and grows. We have many special times: we cry together, laugh together; and then there is a time to be serious because we are dealing with each others feelings. But in the end we find what we are feeling is *love*.

Life Is Like A Journey —
We may be walking along a path
with friends
And then come upon a cross road
where we each must choose
The road that is right
for each of us individually.
At times we may find ourselves
walking a path alone,
But somewhere along the road
We find new friends to walk with,
friends to love,
friends to grow with ...

friends to share with ...
The path of life has many crossroads,
And at each one it's difficult
to say good-bye
and go our own separate ways,
Choosing the direction that is
right for each of us.
But the memory of being together
will always remain,
and there is always the chance
that our paths will cross again

— Donna Yee

CLASS RIN

THE BEST AND WORST OF THE YEAR!

... On January 16, 1991, the United States declared war against Iraq. Many Americans went away to fight this controversial war that seemed inevitable. Our troops stationed in deserts unknown to them, were well prepared and determined to end this war as quickly as possible. Experts said that this would be a short war, but whether short or long, casualties occurred, and that is the sad reality of war. What our troops in the Middle East needed and received was support and prayers for their safe return home.

... On a more upbeat note, we saw the reunification of Germany and radical positive changes in political policies throughout the globe.

... Gorbachev received the Nobel prize for peace, then ironically, ran into fierce uprisings within his own country.

... GIRL YOU KNOW IT'S TRUE, oo-oo-oo, WE FOOLED YOU!! The exotic dancers who called themselves Milli Vanilli, not only fooled us, but ended up making fools of themselves. Late last year, we were informed of their fraudness.

... On the music scene we were introduced to some successful artists; such as Vanilla Ice, Wilson Phillips and one of the most successful this year, Mariah Carey, with her number one hit "Love Takes Time."

... Freedom of speech and freedom of expression have always been tough issues. These freedoms were abused when the controversial band, 2 Live Crew, were banned from performing concerts in Texas and Florida. This challenged constitutional rights and became a controversial issue, ending in a court case where finally they were vindicated. Ironically, the man who only sold their albums was found guilty of the same charges. We as Americans have the right to decide what we want to hear and what we consider freedom of speech and expression.

... Madonna: Too Hot for MTV! Although Madonna's "Justify My Love" video was banned by MTV, it didn't stop her from making millions from the video. Yes, for the price of \$9.99 you too could have owned the "banned" video. Just don't try to buy it in Florida!!!

... One of the best upcoming young actors on TV was Will Smith, the nineteen year old rap star who made his acting debut as Will on the weekly sitcom, "The Fresh Prince of Bel-Air."

... On our weekends, we spent a great deal of time in the cinemas and viewed many great movies. "Ghost", "Pretty Woman" and "Home Alone" hit the box offices with great comments from critics.

... On the gridiron, this year's Super Bowl was definitely one of the best match-ups ever. Two great teams, the NY Giants and the Buffalo Bills played a startling, heart stopping game with a final score of 20-19.

... On the baseball diamond, the Reds swept the A's in the World Series and Pete Rose was taken off the Hall of Fame ballot for his involvement with illegal gambling.

... Finally, sadly on a local level, tragedy hit home at NBHS and area high schools with the deaths of young athletes.

To My Staff: Thank you for all your time and support, especially when the storm was tough to weather. You gave all that you had to each other while merging different ideas and styles, and your finished product reflects this. Remember the good times had and friends made as well as the hard work and sacrifice. Your efforts are greatly appreciated by your peers and mentors alike. Use this experience to benefit yourselves in the future and always have pride in your work.

— Kelly Soares
Editor-in-chief

To the Senior Class: One phase of our lives has now successfully come to a close. Our accomplishments, which showed great determination and desire, made our families, faculty, and friends very proud. Individually, we hold the most pride because we've worked so hard to get where we are today. Now as we leave high school behind, we must take on a new sense of responsibility to grow and mature inside. However, our memories will live on as we always will be that vibrant "Class of '91" at heart.

— Kelly Soares
Proud Graduate of the Class of '91

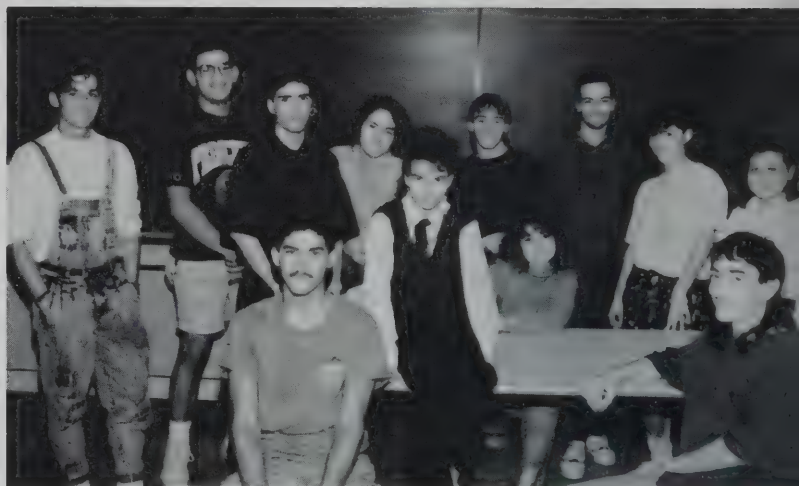

CLOSING

S H O T S

"It has been a pleasure to serve as advisors to the Class of '91. We wish you all health, wealth and happiness. Love you all!"

— Mrs. Judith Bolton
& Mr. Jack Costa

Memories of friendships and happy times will stay with us forever through these moments captured on film and kept safely within the covers of this book.
